SUMMARY:

SAP Certified Implementation Consultant and Purchasing & Supply Chain Specialist with 3+ years of experience in procurement, inventory management, and logistics operations. Delivered measurable results including 12% procurement cost reduction, 98% inventory accuracy, and 99.9% order fulfilment.

PROFESSIONAL EXPERIENCE

Logistics Assistant

[Amazon](#)

October 2023 - June 2024

Berlin, Germany

- **Exceeded pick-and-pack productivity targets by 10% during peak periods** using handheld RF scanners and Amazon's internal WMS for rapid item location.
- **Supported high-volume warehouse operations to ensure consistent SLA adherence and on-time dispatch**, directly contributing to daily throughput and delivery performance targets.
- **Maintained 99.9% order accuracy** through strict product verification and quality control procedures.
- **Identified and resolved inventory and stock discrepancies in real time**, improving warehouse flow.
- **Followed safety, compliance, and operational SOPs**, ensuring error-free throughput in the logistics environment.
- **Worked as part of a multilingual team** to manage daily sorting and dispatch priorities.

Sales Representative

[Auto DANA](#)

March 2022 - October 2022

Marrakech, Morocco

- **Boosted monthly sales by 15%** by leveraging Microsoft Dynamics 365 to track cold leads and automate follow-ups for 15+ daily clients.
- **Managed a high-volume desk, assisting 15+ customers daily**, while maintaining service quality high.
- **Achieved 90%+ customer satisfaction** by providing accurate product information and reliable after-sales support.
- **Analysed customer feedback and market trends** to refine sales approaches and improve conversion rates.
- **Managed end-to-end order processing and sales documentation accurately**, ensuring all data was compliant and up to date.

Purchasing & Logistics Coordinator

[ALFA HORIZON Services](#)

February 2021 - February 2022

Casablanca, Morocco

- **Cut procurement costs by 12%** across a high-volume supplier portfolio by consolidating vendors and renegotiating bulk contract terms.
- **Raised inventory accuracy to 98% across 1000 SKUs** by replacing manual logs with a structured cycle-counting process, eliminating weekly stock discrepancies.
- **Streamlined supply chain operations**, ensuring on-time deliveries and zero production downtime.
- **Identified and onboarded 10+ new suppliers**, expanding the vendor base and reinforcing cost efficiency through competitive sourcing.
- **Tracked monthly procurement and logistics expenses in Excel**, delivering clear cost reports to management to support budget control and decision-making.
- **Built Excel templates that cut manual data entry by 20%** and made order tracking much faster.

Purchasing & Supply Assistant

[PRODEC](#)

November 2018 - December 2018

Casablanca, Morocco

- **Monitored supplier performance and product quality**, ensuring 95% compliance with technical specifications.
- **Cut purchase order processing time by 15%** by standardizing digital intake documentation, eliminating administrative bottlenecks for the purchasing team.
- **Reviewed and audited end-to-end purchasing and logistics documentation (purchase orders, commercial**

invoices, delivery notes), ensuring compliance with internal controls and audit requirements.

Purchasing Assistant

CLEMESSY

February 2018 - April 2018

Casablanca, Morocco

- **Handled procurement documentation, reporting, and internal communication** across multiple concurrent projects.
- **Reduced project delivery delays by 10%** by implementing centralized tracking dashboards and coordinating cross-functional project timelines.
- **Standardised the Request for Quote (RFQ) process by creating structured templates**, enabling faster and more accurate comparison of supplier bids.

Logistics Assistant

DB SCHENKER

November 2015 - January 2016

Casablanca, Morocco

- **Recorded and verified 500+ inbound and outbound goods per week** with zero data errors in inventory records.
- **Streamlined daily logistics processes**, contributing to a 10% increase in warehouse throughput.
- **Optimised warehouse storage layout by repositioning fast-moving goods**, reducing picker travel time and improving overall operational efficiency.
